

MHAIRI HALL TRIO BIOGRAPHY

CAPTURING SCOTLAND'S MUSIC, ENERGY AND EMOTION ON THE PIANO

Mhairi Hall Trio launched their stunning debut album 'Cairngorm' by taking a grand piano to the top of one of Scotland's most famous mountains, Cairngorm. The intrinsic link between the music and the area's landscape is beautifully and soulfully expressed in their music, which is both old and new music from around the Cairngorm mountains. Mhairi, who was born and raised in Aviemore, fronts the trio consisting of three of Scotland's most exceptional musicians. Her virtuosic piano playing is complimented by Fraser Stone on drum kit and Michael Bryan on guitar. Together they create music which is taking their audiences on a *dynamic, exhilarating and insightful* journey.
